

How to get there

Getting to Atlanta, Georgia, from the Middle East is seamless. You can fly non-stop on Delta daily from Dubai or connect from any other Middle East destination via Dubai or if your client prefers to break their journey, with Virgin Atlantic and Delta's codeshare agreement, you can fly on Virgin Atlantic daily from Dubai to London and have a choice of three connections out of Heathrow (the next day) one operated by Virgin Atlantic, the other two by Delta.

For any of your guests visiting the USA and they choose to fly via Atlanta – I would highly recommend staying in Atlanta, in fact, they may need a week or two!
